

City of Kawartha Lakes  
Trails Master Plan Update

# Map #3: Lindsay Existing and Previously Adopted Trails Map

Proposed non-motorized multi-use path connecting to Dunsford Nature Trail in the North (2006 TMP)

Proposed in-park path through Elgin Park (detailed design drawing)

New trail and multi-use path alignments proposed as part of new development under review (Conceptual)

Sources:  
City provided GIS layers: trails, parcels, urban settlement boundary, secondary cycling routes, waterways, roads, destinations

In-park paths drawn in GIS from aerial imagery

Proposed trails traced from Lindsay Continuity Plan, and detailed design drawings from Stewart C. McElroy and Associates Inc, Biglieri Group, D.G. Biddle & Associates Limited and Landscape Planning.

### Legend

#### Destinations

- Schools
- Hospitals
- Sport fields
- Arenas
- Community centres
- Golf courses
- Libraries/Museums
- Religious institutions
- Boat Launch/ Docking
- Cemetaries
- Victoria Rail Trailheads

#### Context

- Urban Settlement Boundary
- Waterways
- Woodlands

#### Existing Trail Routes

- Victoria Rail Trail
- Kawartha Trans Canada Trail
- Legacy Trail
- Rotary Trail
- Pathways
- Park pathways
- Private pathways<sup>1</sup>
- On-road connecting links<sup>2</sup>

#### Motorized Routes

- ORV passby route
- ORV permitted routes

#### Previously Adopted Trail Routes<sup>3</sup>

- Trails
- On-road connecting link
- Proposed Scugog River crossing

#### Roads

- Local Roads
- Highways

Notes:

1. Paths on private properties are existing trail connections that are used by community members which may require future discussions about acquisition and formalization

2. Routes are not formally considered a trail type but provide connectivity between exiting trails which could be enhanced by signage and wayfinding or through the ATMP process. Existing sourced from tourism Kawartha, previously adopted adopted from Lindsay Continuity Plan.

3. Source of trails in callouts, if trail does not have callout it was part of the previously proposed trails in the Lindsay Continuity Plan
